This is a picture of our annual Lake of the Woods ice fishing trip. Included in the picture (from left to right): Jim Pryse, Jim Mattson, Chad Kruger, Josh Kane, Frank Spanjers, Scott Kruger, John Spanjers, Bill Lazarz, Christian Iwen, and Chad Clausen.

This is Howard "Guitar" Luedtke playing at a bar in Minocqua, WI. He is a local Chippewa Falls resident and one of the best Blues guitarist in the Midwest, and he also enjoys Leinenkugel's. Thought you might enjoy seeing one of your Leinie's customers playing using one of your bottles as a slide on his guitar.

On August 2, 2008, Breanna Schafer and I were married in Chippewa Falls, WI. During the wedding planning, we discussed how we could incorporate Leinie's into our special day. We decided that a perfect gift for each of the groomsmen and ushers would be a Leinie's paddle to commemorate the event. I took some time to personalize each paddle with a message to those involved in the wedding. Needless to say, the paddles were a hit! During the big day, we took a minute to stop by Leinie's and capture this picture. Naturally, the reception was tapped with a cold Leinie's!

Our parents have a home on Lake Wisconsin near Prairie du Sac. Each February we all try to meet there for our annual ice fishing week-end. In the 20 years they have lived there we have not caught a fish (while ice fishing) but we sure have fun spending a day on the lake by a bonfire sipping ice cold Leinie's. We'll be back next year to try again! To quote my nephew Alec "that's the most fun I've had NOT catching fish!"

This is a picture of me on top of Mt. Alyeska, in Alaska last June. When wearing this shirt I had a number of people inquire about the significance of the Leinenkugel name.

Mike Dolak of Cadillac, Michigan, enjoyed making (and eating) the Leinie's Classic Plan B Six-Layer German Chocolate Ice Cream Cake! Mike says it's "Big, beautiful, and tasty!"

When our daughter graduated from UW-Eau Claire, the family celebrated with a tour of the Leinenkugel brewery and WONDERFUL Leinie Lodge.
